

Remarks

Acknowledgment that claims 3-5, 9-14 recite allowable subject matter is greatly appreciated. Claim 1 has been amended to correct a typographical error. Claims 13 and 14 have been amended herein to replace "machine" with "method" in the preambles. New claims 15-20 have been added which recite subject matter found in the original claims, the Specification and the Drawings. Claims 1-20 are now pending in the application. No new matter has been added. Entry of the amendment is respectfully requested. Reconsideration is respectfully requested.

**Rejection Under Judicially Created
Doctrine of Obviousness-Type Double Patenting**

Claims 1, 2, 6, 7, 8 were provisionally rejected on the ground of nonstatutory double patenting over claims 1, 4, 5, 7 of copending Application Serial No. 10/797,929 filed March 10, 2004. These rejections are respectfully traversed. Nevertheless, Applicants submit herewith a terminal disclaimer to obviate the double patenting rejection (37 C.F.R. 1.321(c)).

New Claims

New claim 15 is an independent claim having claim scope generally similar to claim 1.

New claim 17 is an independent claim directed to a method which recites subject matter found in original claim 8.

New claims 16 and 18-20 depend from claims 15 and 17 respectfully and recite subject matter found in claims 3, 8, 9 and 12.

Support for new claims 15-20 is also found in the Specification and Drawings. The prior art does not disclose or suggest the features and relationships that are specifically recited in new claims 15-20. Also, these claims recite features, relationships and steps recited in the original claims and are allowable for at least the same reasons.

Additional Fees

Please charge the fees associated with one extra independent claim over three (\$200), the fee associated with the terminal disclaimer (\$130) and any other fee due, to Deposit Account No. 09-0428 of Diebold Self-Service Systems.

Conclusion

The filing of the terminal disclaimer herewith obviates the double patenting rejection. Allowance of all of Applicants' pending claims is therefore respectfully requested. The undersigned will be happy to discuss any aspect of the Application by telephone at the Examiner's convenience.

Respectfully submitted,
